How to enter

Entering the Cresta Awards is simple. The first step is to register at www.cresta-awards.com

Once registered, you will be able to login at any time and make, amend and pay for entries right up until the final closing date.

When you are ready to start entering work, just login and our Entry System will guide you through the process.

If you have any problems or questions, please contact our team at info@creativestandards.org and we will try to help as quickly as possible.

The awards

In each category and sub-category there is the potential to win Gold, Silver or Bronze Cresta Awards. There is no artificial limit to the number of these awards.

It is all about the quality of work.

Awards are given only on the basis of achieving a high average across our Jury that represents the best creative standards of this year's entries.

We only award our ultimate prize, a Cresta Grand Prix, to exceptional work scoring very high averaged marks. These are rare, but are only limited in quantity by the standards of work submitted. The higher the creative standards, the more Grand Prix we award.

Anyone credited on a winning entry is entitled to order one of our much coveted and sustainably-made trophies.

One Grand Prix, Gold, Silver or Bronze trophy per winning entry is shipped free of charge to entrants. Additional trophies may be ordered via <https://journal.cresta-awards.com/shop>. A Shortlist trophy is available, and may be ordered at the Cresta shop (link above).

Our trophies are made to order in a craft workshop and can take two to three months to arrive following the winners announcements.

Judging process

Cresta is unlike other awards in that it has a semipermanent Grand Jury of very carefully selected senior industry leaders, from all over the world.

Each year we refresh the jury with a particular emphasis on gender and ethnic balance. By the time judging starts, more than 120 of the world's brightest and best will be ready to review your entries.

Because they are in significant part a permanent jury they are able to track the industry's developing creative standards (from which the name Cresta derives) and maintain the highest standards in their judging.

Also, unlike most other awards, our jury members work separately to assess submissions. There is no group discussion, and no chance of politics or group pressure affecting the results. Every entry is assessed on 'a level playing field'. We believe this makes for the fairest system.

The jury's Shortlist will be announced early September 2026. And the Winners late September.

Who can enter?

1. Any client, creative agency, digital agency, design company, production company, post-production company, or individual professional may enter.
2. Where the work is a collaborative effort by more than one agency in a network, this can be acknowledged in the credits. Or, if more than one agency wishes to enter the item and have their name as the entrant, they must enter separately and each pay the appropriate fee.
3. If more than one company enters a piece of work and that work goes on to be shortlisted or win an award, all entrants will be equally credited and featured in any publicity.

Does your work qualify?

1. Work submitted must have been published, broadcast or released between 1 January 2025 and 31 July 2026. Work that has previously won or been shortlisted cannot be re-entered.
2. It must have been commissioned by, created for and approved by a client.
3. It must have appeared in a commercial or public environment.
4. We cannot accept any work specifically made for this or any other competition.
5. Work must be submitted as it appeared, and not altered in any way for the purposes of competition. (Except where required for music rights purposes.)
6. If a judge raises questions about the validity of any work, you will be required to provide evidence to support the entry.

Who should you credit?

Cresta is dedicated to recognising great creative talent. So credits should primarily be used to identify the main originators of the idea or the execution.

Our entry system will guide you through all other credits. And we are delighted to recognize everyone who has contributed to the work. You can add to or amend credits at any time up until the closing date.

Fees

Our fees are charged in US\$.

We accept payment by credit, charge or debit card, but at checkout there is also the option to pay by bank transfer. Payments made via bank transfer should be immediate and no later than 14 days. No work will be accepted into the competition until full payment is received. Card transactions will be subject to a 3% processing fee, and bank transfers to a fee of \$48.

Please note that UK entries will be subject to VAT.

What is a Pre-Order Entry?

This unique feature of Cresta enables you to purchase 'blank' entries during our discount Super Early Bird or Mid-Season periods, and then complete the entries at any time right up to closing.

It means you can take advantage of our lowest fees even if work is either not yet ready to enter, or you haven't quite decided what to enter.

To purchase one or more of these entries, just choose Pre-Order at the Category Selection stage after login. You can choose either a single or campaign entry.

Once you've purchased your 'blank' entries all you have to do is contact us when you are ready to upload your entries and we will switch your pre-ordered entries to the categories you have chosen, and then you can complete the entries as normal.

It's simple and could save you a considerable amount on entry fees.
